### DEMONSTRATION

1. To find the multiples of 1, look at the coloured boxes in the vertical column below 1. All the boxes along rows 1, 2, 3,... 10 are coloured. Multiples of 1 are 1, 2, 3,...

- To find the multiples of 2 look at the coloured boxes in the vertical column below 2. The boxes along rows 2, 4, 6, 8, 10 are coloured. Multiples of 2 are 2, 4, 6, 8,...

Similarly observe multiples of other numbers.

- To find the factors of 1 look at the coloured box in the horizontal row for 1. Only the box below 1 is coloured. Factor of 1 is 1.
- To find the factors of 2, locate the coloured boxes in the row for 2. The boxes below 1 and 2 are coloured. Factors of 2 are 1 and 2.

Similarly observe factors of other numbers.

### OBSERVATION

Complete the following table:

| Numbers | Multiples   | Factors    |
