

ECO CLUB

GREEN INITIATIVES BY ECO CLUB

The school is committed to a cleaner and healthier future, both in its intent and action. The Eco Club of the school is actively engaged in environmental management and various eco-friendly practices for the twenty first century. To celebrate several environment significant days, activities specific to the age groups are incorporated in the Activity Calendar of the year.

Following are some initiatives being carried out by the school:

ENVIRONMENT CONSERVATION AND PROTECTION

The **'Earth day'** is celebrated by all communities on April 22, every year. Hansraj Model School also celebrated the Earth Day- 2016 with great eagerness and enthusiasm.

- The celebrations in the Lower Primary continued for a week and included a Colouring Activity and Collage Work by Classes I and II.
- The students of the Lower Primary Department (Class II B) and Middle Department (Classes VIII A and VIII B) showcased their concern for **'Mother Earth'** through their respective assemblies.
- The Secondary and Senior Secondary Departments decorated their classroom bulletin boards on the theme 'Clean Air, Green Cities' and a skit on **'Save Planet Earth'** was prepared and enacted by Classes XII F and XII I.

JUNIOR ASSEMBLY ON EARTH DAY:

EARTH DAY CELEBRATIONS

SUSTAINABLE ENVIRONMENTAL EDUCATION AND OUTREACH

Hansraj Model School is making efforts for powerful and innovative ways for environmental conservation not only by changing its operations, but also by making a paradigm shift in thinking of the teachers, students, suppliers and community at large.

Ms. Rosy Kapoor attended a workshop on Bio-Informatics at D. L. DAV, Pitampura on April 6, 2016. The workshop was conducted by the Indian Environment Society, under the Chairpersonship of Dr. B. C. Sabata.
